

User Reference Sheet

This sheet offers a quick overview of the components and steps in the Responsible Use: Forest Biotechnology Principles. Starting with broad directives at number one and progressing through specific aspects and finally to the public optional attestation of performance at number seven.

<p>1 Principles High-level guiding directives</p>	<ul style="list-style-type: none"> • Biotech trees will benefit people, the environment, or both • Risks and benefits of biotech trees will be assessed • Transparency is important - stakeholders will be engaged • Social equity and indigenous rights are important and will be respected • Biotech trees use must follow regulations of the appropriate country 																																						
<p>2 Value Chain Nine steps that encompass all biotech tree uses</p>	<table border="1" style="width:100%; text-align:center; border-collapse: collapse;"> <tr style="background-color: #f8d7da;"> <th colspan="9">Zero – Laws and Requirements</th> </tr> <tr style="background-color: #fff3cd;"> <th colspan="4">Research and Product Development</th> <th colspan="3">Biotech Tree Growth</th> <th colspan="2">Product End-Uses</th> </tr> <tr> <th>1</th><th>2</th><th>3</th><th>4</th><th>5</th><th>6</th><th>7</th><th>8</th><th>9</th> </tr> <tr> <td>Product Conception</td><td>Lab Research</td><td>Evaluation Research</td><td>Approval to Sell</td><td>Tree Purchase</td><td>Growth and Use</td><td>Harvest or Devitalize</td><td>Product Purchase</td><td>End Use or End of Life</td> </tr> </table>			Zero – Laws and Requirements									Research and Product Development				Biotech Tree Growth			Product End-Uses		1	2	3	4	5	6	7	8	9	Product Conception	Lab Research	Evaluation Research	Approval to Sell	Tree Purchase	Growth and Use	Harvest or Devitalize	Product Purchase	End Use or End of Life
Zero – Laws and Requirements																																							
Research and Product Development				Biotech Tree Growth			Product End-Uses																																
1	2	3	4	5	6	7	8	9																															
Product Conception	Lab Research	Evaluation Research	Approval to Sell	Tree Purchase	Growth and Use	Harvest or Devitalize	Product Purchase	End Use or End of Life																															
		<i>Selective Application</i>	<i>Holistic Application (In Accordance)</i>																																				
<p>3 Practices What to accomplish for each value chain step</p>	Complete all applicable practices																																						
<p>4 Actions How to accomplish the practices</p>	Follow all actions	Optional																																					
<p>5 Recommendations Optional actions that users are encouraged to take</p>	Follow as many recommendations as feasible	Optional	Optional																																				
<p>6 Tools Templates and worksheets help users complete actions and recommendations</p>	Add additional information as necessary to achieve goals of the practices																																						
<p>7 Attestation Alert the IFB of being In Accordance with these Principles</p>	Publicly attest to completing all steps and being In Accordance	No
